Kentucky Public Service Commission Attn: Docketing P.O. Box 615 211 Sower Boulevard Frankfort, Kentucky 40602-0615

Dear Sir or Madam:

Mobilepro Corp. ("Mobilepro") and American Fiber Network, Inc. ("AFN," collectively with Mobilepro, "the Parties"), transmit an original and ten (10) copies of this filing to notify the Commission of a transaction which will result in a transfer of control of AFN to Mobilepro. Mobilepro has entered into an agreement with AFN through which AFN will merge with and into AFN Acquisition Corp., a newly created, wholly-owned subsidiary of Mobilepro. Simultaneously, AFN Acquisition Corp. will change its name to American Fiber Network, Inc., which will be the surviving corporation. As a result, AFN will become a wholly-owned subsidiary of Mobilepro.

The transaction has been structured such that it will be transparent to AFN's customers in Kentucky. The transaction will be a combination stock and cash transaction by which AFN will continue as a going concern. The transaction will not affect the rates, terms or conditions under which AFN provides service in Kentucky. The transaction also will not affect the name under which AFN provides service in Kentucky, and will not cause disruption to the services received by AFN customers in Kentucky.

Although the transaction will not change the services provided to AFN's customers, the Parties expect that the transaction will improve their business operations. Specifically, AFN will benefit from the highly qualified and experienced management and financial resources provided by Mobilepro, although the existing management of AFN will continue to oversee on-going operations. Indeed, as described below, Mobilepro subsidiaries currently hold authority to provide telecommunications services in several states. As a result, the Parties submit that the

Based on a review of Kentucky law, it is the Parties' understanding that Commission approval is not required to complete the transaction described herein. Accordingly, the Parties submit this letter for informational purposes only to ensure the continuing accuracy of the Commission's records. The Parties further state as follows:

I. DESCRIPTION OF THE PARTIES

A. Mobilepro Corp.

Mobilepro Corp. ("Mobilepro") is a Delaware corporation with offices located at 6701 Democracy Boulevard, Suite 300, Bethesda, Maryland 20817. Mobilepro is a widely-held publicly-traded corporation that offers telecommunications services through three wholly-owned subsidiaries. CloseCall America, Inc. ("CloseCall") provides resold local and interexchange telecommunications services in approximately nine states. Affinity Telecom, Inc. ("Affinity") also provides local and interexchange telecommunications services in Michigan and Ohio. Davel Communications, Inc. provides payphone services in 45 states. A fuller description of Mobilepro's current operations is attached as Exhibit A.

Mobilepro's management team is run by Jay. O Wright, President and Chief Executive Officer. Mr. Wright is an experienced telecommunications entrepreneur who manages the overall strategic direction of Mobilepro. In particular, Mr. Wright has extensive experience in financial management and mergers and acquisitions. Mr. Wright's full biography, along with those of the other members of Mobilepro's management team, is attached as Exhibit B.

III. DESCRIPTION OF TRANSACTION

The parties shall complete a transaction through which AFN will become a wholly-owned subsidiary of Mobilepro. In particular, Mobilepro and AFN have entered into an agreement dated as of June 30, 2005. Under the terms of the agreement, AFN will be merged with and into AFN Acquisition Corporation ("AFNAC"), a newly created, wholly-owned subsidiary of Mobilepro. AFNAC will then change its name to American Fiber Network, Inc., which will survive the merger as a wholly-owned subsidiary of Mobilepro. Douglas Bethell, who currently owns 100% of the equity of AFN, will receive a combination of cash and Mobilepro stock as part of the transaction.

Following the transaction, AFN's customers will continue to receive services under the same rates, terms and conditions as those services are currently provided to them. The transaction will not cause any service interruptions or have any impact on AFN's day-to-day operations in Kentucky. The Parties therefore expect that the transactions will be virtually transparent to AFN's customers in terms of the services that those customers receive. A chart illustrating what the merged entities will look like is attached as Exhibit C.

IV. PUBLIC INTEREST CONSIDERATIONS

The transactions described above serve the public interest in promoting competition among telecommunications providers. In particular, the transactions will combine the strengths of Mobilepro and AFN, which should allow the combined companies to compete more effectively against incumbent carriers and larger competitive carriers that have substantial resources and can offer a wide range of facilities-based service offerings.

The operations of The Parties are highly complementary. Mobilepro, through its subsidiaries CloseCall and Affinity, offers local and intrastate long distance services in nine states. Mobilepro also has experience and expertise in the provision of payphone services, Internet services and technology services. AFN has a substantially wider coverage area for local and long distances services, and extensive experience in providing regulated services to commercial and residential customers. The Parties believe the transaction will enhance the ability of the entities to expand their respective operations both in terms of service area coverage and through the ability of each entity to offer customers an expanded line of products and services. In addition, the Parties expect that the transaction will yield substantial operational and financial benefits to the combined companies.

Please contact the undersigned if you have any questions.
