**IMPORTANT NOTICE REGARDING YOUR TELEPHONE SERVICE**

Dear GlobalTouch Telecom Customer:

There is some exciting news to report regarding your telecommunications services. We are proud to announce that GlobalTouch Telecom has entered into an agreement with PowerNet Global Communications ("PNG") through which your telecommunications services, currently provided by GlobalTouch Telecom, will now be provided by PNG.

PNG is a nationwide integrated telecommunications provider serving customers with a full suite of voice and data services, including local and long distance telephone service and high-speed internet service. PNG's mission has always been to deliver outstanding value to its customers through a commitment to excellence in products and customer support.

There is no action required on your part. Your long distance service will be transferred automatically to PNG and you will continue to receive long distance services at the same rates, terms and conditions that you have currently. There also will be no charges assessed to your bill as a result of this transfer. Following the transfer, notice of any future changes in rates, terms and conditions of service will be provided to you as required by the law of your state.

PNG expects that the transfer will occur on or about March 17, 2008; depending on when we receive the appropriate regulatory approvals. Please be advised that if you have placed a "freeze" on your long distance services to prevent their unauthorized transfer to another carrier, it will be automatically lifted to implement a seamless transfer of your services to PNG. If you would like your freeze protection reestablished, please contact your local service provider after the transfer takes place.

Although you are free to choose another long distance carrier at any time, we value your business and are confident that you will be pleased with the superior service that you will receive from PNG. If you do not choose a new long distance carrier before March 17, 2008, your long distance service will be transferred automatically to PNG where we pledge our commitment to provide you with quality services and personalized customer care as we move forward.

If you have questions about the transfer or your service to PNG, you may contact our Customer Care department at 1-866-203-5080. Once again, we look forward to serving you and welcome to PowerNet Global.

Sincerely,

Stuart Chowning
