Re: Notification of Sprint Communications Company L.P. and Trinsic
Communications, Inc. Regarding Proposed UNE-P Customer Base Transfer

Dear Ms. O'Donnell:

Sprint Communications Company L.P. ("Sprint") and Trinsic Communications, Inc. ("Trinsic") jointly file this notification to advise the Kentucky Public Service Commission ("Commission") of a transaction whereby Sprint is transferring those residential and business local exchange customers currently served via the unbundled network element-platform ("UNE-P") to Trinsic.

Description of the Parties

Sprint Communication Company L.P.

Sprint Communications Company L.P. is a Delaware Limited Partnership with principal offices located at 6200 Sprint Parkway, Overland Park, Kansas. Sprint is duly authorized by the Commission to provide competitive local exchange services and interexchange telecommunications services in Kentucky.

Trinsic Communications, Inc.

Trinsic is a Delaware corporation with principal offices located at 601 South Harbour Island Blvd., Tampa, Florida. Trinsic, formerly known as Z-Tel Communications, Inc., is authorized as a competitive local exchange carrier ("CLEC") in Kentucky, and has providing wholesale local exchange services to Sprint and other CLECs across the nation for several years. Trinsic has the requisite technical, financial and managerial capabilities to acquire the UNE-P customer assets of Sprint and to ensure the seamless provision of telecommunications services.

Description of the Transaction

In accordance with the parties' agreement, Sprint will transfer its Sprint Complete Sense and Sprint Complete Sense of Business local customers to Trinsic. Sprint currently purchases local exchange services on a wholesale basis from Trinsic and the applicable Regional Bell Operating Company for resale to Sprint's CLEC customers in Kentucky and thirty-six other states. Pursuant to the agreement, Sprint will cease its UNE-P operations nationwide and transfer its UNE-P customer base to Trinsic. The number of Kentucky residential and business customers affected by the transaction is approximately 1,280. Sprint will continue providing its Integrated Local Services ("ILS") business local resale product in certain jurisdictions. In addition, Sprint will continue providing wholesale telecommunications services in order to facilitate the provision of local exchange services by Sprint's cable partners in Kentucky and numerous other states.

Prior to the transfer of its UNE-P customers to Trinsic, Sprint will provide the customers with notice of the change in local providers. In the notice letter, the affected customers will be informed that they have the right to switch to the local exchange carrier of their choice and if they wish to transfer to a carrier other than Trinsic, they should do so by January 15, 2006 in order to ensure the seamless transfer of service to the new carrier. The customers are further informed that if they wish to switch to a carrier other than Trinsic, they may incur a transfer fee. See Attachment A. The notice letter also clearly states that if the customer consents to the change of carrier to Trinsic, no customer action is required for the transfer to occur, the customer's current plan, rates, feature, terms and conditions of service will transfer to Trinsic, and the customer will not incur any charges for the transfer of service to Trinsic. Also, the letter lists a toll-free Sprint customer service number in the event that customers have any questions regarding the transfer.

Both Sprint and Trinsic will file with the Commission the necessary tariff revisions to implement the transfer. In accordance with 807 K.A. R. Section 5:011, an Adoption Notice is included herein as Attachment B. The transfer will be transparent to the affected customers and will not alter the manner or quality of service that Sprint's current Complete Sense local customers enjoy. The transaction will also have no effect on Trinsic's operations in Kentucky, and Trinsic will continue to provide CLEC services in Kentucky in accordance with its existing Kentucky authority.

Public Interest Analysis

The public interest will be served by the transfer of Sprint's UNE-P customers to Trinsic, an experienced and qualified local exchange carrier that began providing retail

and wholesale local exchange telecommunications services nationwide in 1998 under the name of Z-Tel Communications, Inc. Trinsic has the technical, financial and managerial capabilities to provide quality service to Sprint's UNE-P customer base.

There will be no changes to the affected customers' service plans, rates, features, terms or conditions of service as a result of the proposed transaction. Moreover, the proposed transfer will serve the public interest in promoting competition in the local exchange market in Kentucky by enabling Trinsic to strengthen its market position and combine Sprint's residential and business Complete Sense customer base with Trinsic's existing services, products and carrier expertise. The market for voice and data local exchange services is becoming increasingly competitive in nature, and this competition ultimately benefits Kentucky consumers through expanded choices for products and services and lower, more competitive rates. Accordingly, the proposed transfer is in the public interest.

Enclosed please find for filing an original and ten copies of this letter. I have also enclosed an extra copy, which I ask that you please date stamp, and return to me in the enclosed reply envelope. Thank you for your consideration, and please call me if you should have any questions regarding this matter.

Sincerely,

William R. Atkinson
