**DSM**

**ENERGY STAR<sup>®</sup> -Manufactured Home Program**

**Purpose**

Big Sandy RECC's ENERGY STAR<sup>®</sup> -Manufactured Home Program ("ESMH") is designed to ensure that retail members of Big Sandy RECC purchase an energy efficient manufactured home. Big Sandy RECC will accomplish this by providing the purchases of a manufactured home with an incentive to purchase and install a new ENERGY STAR<sup>®</sup> -certified manufactured home.

**Availability**

This program is available to residential members served by Big Sandy RECC.

**Eligibility**

To be eligible for this ESMH incentive, new manufactured homes must meet the following criteria:

- ~~United States Environmental Protection Agency ("EPA") and Systems Building Research Alliance ("SBRA") guidelines as an ENERGY STAR<sup>®</sup> -Manufactured Home.~~
- ~~Primary source of heat must be a heat pump.~~
- ~~Home must be all electric.~~
- ~~Home must be installed by the member on lines served by Big Sandy RECC.~~
- ~~Participants in the ENERGY STAR<sup>®</sup> -Manufactured Home Program are not eligible for participation in the Heat Pump Retrofit Program.~~

**Payments**

~~After new home installation and after received certification as an ENERGY STAR<sup>®</sup> -manufactured home, Big Sandy RECC will tender a \$1,150 incentive payment to their end-use member. The incentive is intended to cover the cost of upgrading the home from the standard United States Department of Housing and Urban Development (HUD) construction requirements to the SBRA and EPA ENERGY STAR<sup>®</sup> -manufactured home construction requirements.~~

**Term**

~~This program is an ongoing Program.~~

**Reserved for Future Use**
