

RESIDENTIAL ENERGY EFFICIENCY IN EDUCATION PROGRAM

APPLICABILITY

Available to residential customers in the Company's electric service area with individually metered, single-family residences receiving concurrent service from the Company and choose to participate by enrolling through the marketing channels utilized by the program.

PROGRAM DESCRIPTION

The Energy Efficiency in Education Program is part of Duke Energy Kentucky's portfolio of programs offered through Rider Demand Side Management Program (Rider DSM) and recovered through the Company's Rider DSMR (Demand Side Management Rate).

The purpose of this program is to educate students about energy efficiency in homes and schools through energy-related curriculum and energy efficiency measures.

This program is available, at the Company's option, to K-12 public and private schools but may be offered via other community educational/awareness programs where the curriculum would be relevant.

Each eligible student who participates in the program and submits a request will receive energy efficiency measures for their home.
