Re: Clark Energy Cooperative, Inc. Tariff Filing

Dear Ms. Bridwell:

Enclosed, please find for filing via the Commission's electronic tariff filing system, Clark Energy Cooperative, Inc.'s ("Clark Energy") bill format and revisions to its Levelized Billing Tariff. Clark Energy proposes to revise its Levelized Billing Tariff in order to allow its members to enroll in levelized billing any month of the year instead of limiting the months when enrollment can be completed. Clark Energy believes that this will benefit its members by allowing them to enroll during the winter months when their electric bills could be higher. Clark Energy also proposes to revise how the monthly levelized bill amount is calculated. This revision is being proposed to prevent large balances from accumulating on members accounts.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

Billy O. Frasure
