

CUMBERLAND VALLEY ELECTRIC, INC.

RATES SCHEDULE NM—NET METERING
AVAILABILITY OF NET METERING SERVICE

Net Metering is available to eligible member-generators in Cumberland Valley Electric's service territory, upon request, and on a first-come, first-served basis up to a cumulative capacity of one percent (1%) of the Cumberland Valley Electric's single hour peak load during the previous year. If the cumulative generating capacity of net metering systems reaches 1% of a supplier's single hour peak load during the previous year, upon Commission approval, Cumberland Valley Electric's obligation to offer net metering to a new member-generator may be limited. An eligible member-generator shall mean a member retail electric member of Cumberland Valley Electric with a generating facility that:

- 1) Generates electricity using solar energy, wind energy, biomass or biogas energy, or hydro energy;
- 2) Has a rated capacity of not greater than forty five (45) kilowatts;
- 3) Is located on the member's premises;
- 4) Is owned and operated by the member;
- 5) Is connected in parallel with Cumberland Valley Electric's electric distribution system; and
- 6) Has the primary purpose of supplying all or part of the member's own electricity requirements.

T

At its sole discretion, Cumberland Valley Electric may provide Net Metering to other member- generators not meeting all the conditions listed above on a case-by-case basis.

METERING

Cumberland Valley Electric shall provide net metering services, without any cost to the Member for metering equipment, through a standard kilowatt-hour metering system capable of measuring the flow of electricity in two (2) directions. This provision does not relieve Member of his or her responsibility to pay metering costs embedded in the Cumberland Valley Electric's Commission-
