Mr. Kent Chandler
Acting Executive Director
Kentucky Public Service Commission
211 Sower Boulevard
Post Office Box 615
Frankfurt, KY 40602-0615

Mr. Chandler:

Attached for filing with the Commission is the tariff page of the Access Services Tariff of BellSouth Telecommunications Kentucky to become effective on October 1, 2020.

The revision can be found on the following pages:

E30 Ethernet Services	Second Revised Page 1
	through
	First Revised Page 37

This filing is being made in conjunction with the FCC's approval of AT&T's 214 filing, Application of AT&T for Discontinuance and Reclassification as Private Carriage, in Docket WC 19-323 (approved December 28, 2019). As a result of that application, AT&T now offers AT&T Dedicated Ethernet as private carriage. Through this filing, language is being added to the intrastate offering for AT&T Dedicated Ethernet to indicate that AT&T Kentucky reserves the right to make individualized decisions regarding the provision of service to individual customers, and that AT&T Kentucky may negotiate specific prices and terms for each individual customer. In addition, we are making modifications to the intrastate AT&T Switched Ethernet offering to redirect to the multijurisdictional AT&T Switched Ethernet Service Guide.

Should you have any questions or need additional information, please contact me.

Sincerely,

James L Carter
