

## MEMORANDUM

**TO:** Member System CEOs

**FROM:** Anthony S. Campbell 

**DATE:** December 21, 2022

**SUBJECT: East Kentucky Power Cooperative, Inc. ("EKPC") - Residential Electric Vehicle Off-Peak Charging Program**

Today, EKPC filed with the Kentucky Public Service Commission ("Commission"), a tariff for a Pilot Residential Electric Vehicle ("EV") Off-Peak Charging Program ("pilot program"). The proposed effective date for the tariff is February 1, 2023. The pilot program is voluntary in nature. None of the Owner-Member Cooperatives ("owner-members") have a DSM Rider in effect, so there will be no change in the rates charged for electric service to any customer class. However, if the proposed tariff is approved, the pilot program will offer an incentive for residential members to delay their daily EV charging until off-peak hours.

You may examine this tariff filing at the offices of EKPC located at 4775 Lexington Road, Winchester, Kentucky. This tariff filing may also be examined at the offices of the Commission located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Commission's Web site at <http://psc.ky.gov>. Any comments regarding this tariff filing may be submitted to the Commission through its Web site or by mail to the Public Service Commission, P. O. Box 615, Frankfort, Kentucky 40602.

The proposals contained in this notice are the items being proposed by EKPC, however, the Commission may order a program that differs from the proposed program contained in this notice. Each owner-member is eligible for the proposed tariff. The proposed tariff does not amend or revise existing rates of EKPC and does not include any proposed new rates for EKPC. Consequently, an analysis of the amount of change in dollars and percentage change or the effect upon an average bill for each customer classification is not provided.

A person may submit a timely written request for intervention to the Commission, P. O. Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Commission does not receive a written request for intervention within thirty (30) days of the initial publication or mailing of the notice, the Commission may take final action on the tariff filing.
