1024 Capital Center Drive, Suite 200
Frankfort, KY 40601

Dear Ms. Bridwell:

The enclosed tariff filing is for revision within the Barkley Lake Water District tariff regarding tap fee and customer deposit. Attached are the legal notice, cost justification forms, and supporting documentation.

The filing is not part of a general rate case. The District has had increased costs for its meter installations from its supplier. The customers affected by this increase will be the customers that cause the District to incur these additional costs. The Board of Commissioners approved the non-recurring charges at the January 8th, 2024, regular meeting. The new charges will take effect for services rendered after March 15th, 2024.

Barkley Lake Water District income statement and balance sheet is on file with the Public Service Commission. The proposed rate revisions do not exceed by 5% the total revenues provided by all non-recurring charges for a recent period of twelve consecutive calendar months ending within 90 days of submitting the tariff filing.

The District has published the enclosed legal notice in the local newspaper starting Thursday, February 15th, 2024, and will run the following consecutive two Thursdays. An affidavit from the newspaper verifying that the notice ran for three consecutive weeks will be forwarded to the Commission.

Sincerely,

Scott Bridges
Board Chairman
