Emergency Response Plan

BATH COUNTY WATER DISTRICT

This Emergency Response Plan was developed to identify the immediate actions that must be taken in the event of water supply contamination by a pollutant or as a result of infrastructure failure. This plan also describes how the water system will supply water to their customers in the event the water system is unable to use their regular water source due to contamination or infrastructure failure.

Section One: Application of the Plan

The Bath County Water District Water System shall comply with the procedures set out in this plan. Any and every actual contamination event, as well as any imminent threat of contamination shall evoke the implementation of this plan.

Section Two: Determination and Verification of the Nature and Extent of the Contamination Event

The following water system staff is designated to be the person(s) responsible for the investigation of all potential threats of contamination or actual contamination events:

<u>Name</u>	<u>Title</u>	<u>Phone Number</u>	
Elijah Razor	Field Manager	606-207-5990	(T)
Christy Creech	Manager	606-210-3827	(N)
Robert Rainey	Field Staff	606-336-4017	(N)
Randall Conn	Operator	606-356-1607	(T)
Justin McKenzie	Operator	606-336-8022	(N)

(Name of Utility)

When the designated water system staff person(s) discovers or in any way learns of a contamination event or of an imminent threat of such an event, the designated water system staff person(s) shall personally investigate and make a reasonably informed determination of the existence of contamination, or threat thereof, striving to identify the contaminating substance, the source and volume of the contaminant which has entered the water source, the time and duration of the contamination, and whether the incursion is ongoing or apt to re-occur without intervention. At the conclusion of this initial investigation, the designated water system staff person(s) shall set out the findings and conclusions in a **signed, time stamped, and dated report**. If it is determined that a contamination event has occurred, or that a threat of contamination exists, the designated water system staff person(s) shall immediately proceed with those actions set out in Sections 3 and Section 4 of the Emergency Response Plan as follows.

Section Three: Notification of Emergency Responders, Regulatory Agencies, Adjacent Water Systems, Local Elected Officials (County Judge Executives and City Mayors), and Other Water System Staff

Upon making an initial verification of a contamination event or threat thereof, the designated water system staff person(s) shall notify by phone the following Emergency Responders, Regulatory Agencies, Adjacent Water Systems, Local Elected Officials (County Judge Executives and City Mayors), and Other Water System Staff:

Section Five: Alternative Water Sources

If the primary water source has to be shut down due to contamination, it may be necessary to depend on a secondary or emergency water supply. The primary emergency supply for the Bath County Water District Water System would come from the supply of water in the water

storage tanks owned by the water system. The normal supply on hand in the (6) six water storage tanks owned by the water system is estimated to last for 1.5 days or 36 hours.

Should the primary water supply be unavailable longer than the time period of water supply available in the water storage tanks, the water system would seek additional water from any interconnects that might be available with neighboring water systems. At this time the Bath County Water District Water System has the following interconnects with neighboring water systems:

<u>Name of Water System</u>	<u>Phone Number</u>	<u>Fax Number</u>	
<u>Mt. Sterling Water</u>	<u>859-498-0166</u>	<u>859-497-0438</u>	
<u>Howards Mill, Stepstone & HWY 60 at Industrial Park</u>			(N)
<u>Morehead Utility Plant Board</u>	<u>606-784-5538</u>	<u>606-783-1340</u>	
<u>City of Frenchburg</u>	<u>606-768-3457</u>	<u>606-768-6277</u>	
<u>Corner of KY 211 / HWY 36 & Hawkins Branch</u>			(N)

In cases of extreme water supply shortage, it may be necessary for water system and local elected officials to contact the Kentucky National Guard in Frankfort about the possibility of securing additional water for the community. Arrangements could be made with the Kentucky National Guard to truck in water to the community as an emergency supply until normal water service could be restored. The Kentucky National Guard can be contacted at 502-564-8600.

This Emergency Response Plan adopted by the Bath County Water District Board of Commissioner on October 22, 2002.
