

BRACKEN COUNTY WATER DISTRICT
RESOLUTION NUMBER: 2026-00__

Whereas, KY PSC has previously approved a water leak adjustment for Bracken County Water District ("BCWD"), wherein the current policy was recently adjusted and approved by KY PSC to allow two leak adjustments per eighteen (18) month period; however, after enactment of the policy, staff and the board have determined the multiple leak adjustments are too difficult to account for, and that the single leak adjustment per eighteen (18) month period is the best policy, if KY PSC would allow re-adjustment and the modification to the current leak adjustment policy to revert to the prior leak adjustment policy.

BCWD desirous of having a modification to the current leak adjustment policy that allows two (2) consecutive leak adjustment policies during an eighteen (18) month period to be modified to allow only one leak adjustment per eighteen (18) month period, and Board of Commissioner Jessica Kern made a motion to modify the current leak adjustment policy to allow only one leak adjustment bill during an eighteen (18) month period, and seconded by Eddie Kern, and said resolution was approved by majority vote, and it is HEREBY RESOLVED AS FOLLOWS:

- a) The Bracken County Water District hereby moves to file with Kentucky Public Service Commission, a request to modify the current leak adjustment policy to allow only one (1) leak adjustment bill during an eighteen (18) month period.

SO RESOLVED, THIS THE 19TH DAY OF AUGUST, 2026.

**MR. ANTHONY HABERMEHL
CHAIRMAN OF BOARD OF COMMISSIONERS
BRACKEN COUNTY WATER DISTRICT**

BCWD: SECRETARY

EDDIE KERN, COMMISSIONER
