**RE: Formal Application to adjust Meter Connection/Tap On Charges**

Dear Ms. Bridwell:

This application is to revise certain non-recurring charges. Attached are the Board's resolution and legal notice, cost justification forms and supporting documentation.

This filing is not part of a general rate case. The District can no longer absorb increased costs attributable to Meter Connection/Tap On charges. The customers affected by this increase will be the customers that cause the District to incur these additional costs. The Board of Commissioners approved the non-recurring charges at the May 14, 2026, regular meeting. The new charges will take effect for services rendered after July 5, 2026.

Carroll County Water District's income statement and balance sheet is on file with the Public Service Commission. The proposed rate revisions do not exceed by 5% the total revenues provided by all non-recurring charges for a recent period of twelve consecutive calendar months ending within 90 days of submitting the tariff filing.

The District has published the enclosed public notice in The News Democrat newspaper on June 5, 2026. An affidavit from the newspaper verifying that the notice ran for three consecutive weeks will be forwarded to the Commission.

Please contact me if you have any questions or need additional information.

Best regards,

A handwritten signature in blue ink, appearing to read 'Obe D. Cox', is written over a horizontal line.
