Subject: Carroll County Tariff Filing

Mr. Pennell,

In reviewing the tariff submitted on behalf of Carroll County Water District, Staff had a couple of questions/comments. Please see below.

- Provide detail of how the transportation expense was determined. **Transportation was based on the halfway point in the distribution system and then the trip back at .58 cents per mile. The halfway point is 15 miles and the trip back to the office is 15 miles. 30 miles multiplied by .58 cents is equal to \$17.40**
- Explain the inclusion of the service call charge inclusion in the meter test cost support and how this would not be double charging for labor expense. **The meter test cost support includes the service call along with the additional field and clerical expense to test the meter. The utility has its own test bench and tests meters on site.**
- Does the billing card include the date of issue?
- The current tariff has a Connection/Turn-On (After Hours Fee), Field Collection Charge, and Service Line Inspection Charge that are not in the proposed tariff. Just wanted to make sure that those were not left out inadvertently. **The are left off intentionally**
- For the page numbering, I think that it should be: **I will change the page numbering once I go through the margin notations.**
 - PSC KY NO. 2
 - Original Sheet No. 1, 2, 3, etc.
 - Cancelling PSC KY No. 1
- You need to go back and check the margin notations. There are some that are marked that are not changing while others that are changing are not marked. If something is just moved, there is no need to mark it. If you are adding a whole new section, sentence, paragraph, etc., it should be marked as new (N). If wording in a sentence or section is being reworded, it should be marked as a text change (T). Only the lines that are changing should be marked. **I will try to get you the updated margin notations by the end of the week.**

Responses can be e-mailed back to me at this address.

If you have any questions, please give me a call at (502) 782-2626 or respond to this e-mail.

Thanks.

Daniel
