RE: Formal Application for Revision of Meter Connection/Tap-On Charge.

Dear Ms. Bridwell:

This application is to revise the meter tap on charge for Cawood Water District (District). Attached is the legal notice, cost justification forms and supporting documentation.

This filing is not part of a general rate case. The District can no longer absorb increased costs attributable to due new meter connections. The customers affected by this increase will be the customers that cause the District to incur the additional cost. The Board approved the tap fee increase at the November 8th, 2022, Board Meeting. The new charges will take effect for services rendered after December 16th, 2022.

The District has previously filed income statements and balance sheets with the Public Service Commission that are currently on file with the Commission.

The District has published the public notice in the Harlan Enterprise. A copy of the affidavit will be forwarded to the Public Service Commission.

Please contact me if you have any questions or need additional information.

Sincerely,

Mr. Ronnie Williams
General Manager
