RE: Formal Application to add Non-recurring Charge

All,

This application is to revise certain non-recurring charges for the Cumberland Falls Highway Water District and to update the tariff for the Cumberland Falls Highway Water District. In support thereof, attached are the following: legal notice, cost justification forms and supporting documentation.

This filing is not part of a general rate case. The District can no longer absorb increased costs attributable to certain non-recurring charges. The customers affected by this increase will be the customers that cause the District to incur these additional costs. The Board of Commissioners most recently approved the non-recurring charges at the regular meeting held on January 21, 2026. The new charges will take effect for services rendered after March 4, 2026.

The District has published the enclosed public notice in *The Corbin News Journal* on January 28, 2026, with notices also scheduled to run on February 4, 2026 and February 11, 2026. An affidavit from the editor verifying that the notice ran for three consecutive weeks will be submitted to the Commission on or after February 11, 2026.

Please contact me if you have any questions or need additional information.

Sincerely,  
/s/ Amanda Hill
