Re: *Hyden-Leslie County Water District*

Dear Ms. Bridwell:

On November 6, 2020, the Public Service Commission (“the Commission”) in Case No. 2020-00141 ordered Hyden-Leslie County Water District (“the District”) to assess for 48 months a monthly surcharge of \$1.53 to fund its unaccounted-for water loss reduction efforts. The District subsequently filed a tariff sheet with the Commission that provided for a monthly Water Loss Reduction Surcharge of \$1.53 to be assessed on “bills issued in December 2020 and each month thereafter until November 2024, or until \$263,124 is collected, whichever occurs first.” The Commission approved this tariff sheet on January 14, 2021.

On November 7, 2024, the District advised the Commission that, pursuant to the terms of the Order of November 6, 2020, the District was discontinuing collection of the surcharge beginning on bills issued in December 2024.

On January 30, 2025, the Commission in Case No. 2020-00340 authorized the District to expend the full balance of funds in its surcharge account for the purchase of a portable flow meter and 764 meters and related meter accessories and services. On January 14, 2026, the District advised the Commission in its monthly activity report that the authorized purchases had been made and that all funds in the surcharge account had been exhausted.

Consistent with these actions, the District encloses the revised tariff sheet removing the terms and provisions related to the collection and expenditure of Water Loss Reduction Surcharge funds.

Ms. Linda C. Bridwell
