## Be safe, think ahead

October 6-12, 2019, is Fire Prevention Week. The National Fire Protection Association suggests ways to help prevent electrical fires:

- Have all electrical work done by a licensed electrician.
  - Do not use extension cords for long-term, regular use.
  - Test AFCIs and GFCIs regularly according to the manufacturer's recommendations.
  - Use a lightbulb with the correct number of watts for the device.
  - Watch for discolored, sparking or warm wall outlets. Call a professional to check these and any other potential fire hazards.
- Go to [www.nfpa.org](http://www.nfpa.org) for more resources on preventing fires.

## NOTICE

Pursuant to the Kentucky Public Service Commission's ("Commission") regulation 807 KAR 5:011, Section 8, Nolin Rural Electric Cooperative Corporation (RECC) gives notice that tariffs requesting approval to replace High Pressure Sodium (H.P.S.) lights with Light Emitting Diode (L.E.D.) will be submitted to the Commission on October 1, 2019. If Nolin RECC's requests are approved, the tariff will be effective November 1, 2019, at which time the new condition of service will apply.

Nolin will begin to phase out all H.P.S. fixtures upon failure and replace with L.E.D. Additionally, newly installed fixtures may be L.E.D. as dictated by supply levels. Upon replacement, the member will be responsible for the current L.E.D. rates, if applicable, as approved in Rate Schedule 5 and Rate Schedule 6. A person may examine these tariff filings upon request at the Nolin RECC office located at 411 Ring Road, Elizabethtown, KY 42701. A person may also examine these tariff filings at the Commission's office located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8 a.m. to 4:30 p.m., or through the Commission's website at <http://psc.ky.gov>. Comments regarding these tariff filings may be submitted to the Commission through its website at <http://psc.ky.gov>, or by mail to the Public Service Commission, Post Office Box 615, Frankfort, KY 40602. The terms contained in these tariff filings are the terms proposed by Nolin RECC, but the Commission may order terms that differ from the proposed terms contained in these tariff filings. A person may submit a timely written request for intervention in these tariff filings to the Public Service Commission, Post Office Box 615, Frankfort, KY 40602, establishing the grounds for the request and including the status and interest of the person requesting intervention. If the Commission does not receive a written request for intervention within thirty (30) days of this notice, the Commission may take final action on the tariff filings.
