RE: Filing No. **TFS2024-00048**
Meter Connection/Tap-On Charges Tariff Revision

Dear Emily S. Childress:

The above referenced filing has been received and reviewed. This filing is being rejected and returned to you due to the following:

The proposed revisions were initially included in a response to a data request in Case No. 2023-00252 filed on October 31, 2023. While the revisions were not addressed in the Staff Report issued in that case, the Commission does plan to address the revisions through its final order in Case No. 2023-00252. It should also be noted that Oldham District included the failure of the Staff Report to address the tap fee revisions as one of the reasons it was requesting a hearing in Case No. 2023-00252. Therefore, the proposed revisions were filed in the electronic Tariff Filing System prematurely.

Sincerely,

A handwritten signature in blue ink that reads "Linda C. Bridwell".

Linda C. Bridwell
Executive Director
