Daniel,

Please see the below answers to Staff's questions concerning Owen's tariff filing.

1. Owen Electric inadvertently omitted Sheet No. 5 in the original filing. It is Owen's intent to cancel Sheet No. 5. Please see attached cancelled tariff sheet and clean tariff sheet for submission.
- 2.a. Owen Electric chose to replace "a minimum of 10 hours per day" with item 2 on the contract that identifies Owen's specific Off-Peak hours (which satisfies the minimum 10 hours language in the current tariff).
- 2.b. Owen Electric's interpretation and application of the current tariff is that Owen will provide this discounted rate for a minimum of ten years to participants. The proposed special contract would continue to provide this discounted rate based upon PSC approval. Due to the small number of participation in this rate offering (three), continuing the discount for these three Members will not have a material effect on Owen Electric's non-ETS Members.

Please let us know if this satisfactorily answers Staff's questions. We welcome any additional comments or questions regarding this tariff filing. Feel free to call Michael Cobb at 502-563-3500 if you prefer to discuss over the phone in lieu of email.

Thank you,
Shannon Chappell
