Ms. Ramsey,

In reviewing the tariff submitted by Bronston Water Association as a result of Case No. 2020-00416, Staff noted the following corrections that need to be made.

- The effective date should be February 4, 2021, which was the date of the Commission's Order approving the rates;
- The volumetric rates need to be in per gallon increments as they were in the Commission's Order;
- In the margin of the Minimum Bill rows, there needs to be an (I) margin notation indicating that the minimum bills are increasing;
- At the bottom of the footer, you need to include the Case information (Case No. and Order date); and
- The numbering in the header should be revised as follows:

P.S.C. KY. Number 1
First Revised Sheet No. 4
Cancelling P.S.C. KY. Number 1
Original Sheet No. 4

If you can make the corrections noted above and email the revised tariff page back to me at this address, we can get it uploaded to the filing and get a stamped copy back to you as soon as possible.

If you have any questions, please let me know.

Thanks.

Daniel
