RE: Formal Application for Tariff Revision

This is an application to make tariff revisions for certain non-recurring charges. Attached is the non-recurring charge cost justifications and proposed tariff sheet. We are requesting an increase in our tap fee to reflect our actual cost.

The Association is not requesting a water rate increase at this time. However, increased costs attributable to certain non-recurring charges can no longer be absorbed by the Association. The customers affected by these increases will be the customers that cause the Association to incur these additional expenses.

The Association is current and has filed income statements and balance sheets with the Public Service Commission. These income statements and balance sheets are currently on file with the Commission. Our Audit for 2025 has been completed and uploaded to PSC.

The Association has published the enclosed public notice for these requested rate revisions in the local newspaper. The first publication is May 13, 2026, and will be published May 20, 2026 and May 27, 2026 for a total of 3 weeks. An affidavit from the newspaper verifying that the notice was published for three consecutive weeks will be forwarded to the Commission once it is received after the final publication.

A copy of the application and related filings, has been transmitted to the Attorney General's Office of Rate Intervention (1024 Capital Center Drive, Suite 200, Frankfort, KY 40601-8204) via electronic mail to rateintervention@ag.ky.gov.

Sincerely,

Lori Johnson, Manager
Buffalo Trail Water Association, Inc.
