Important Information About Your Service

AVOID DISCONNECTION

All of the charges must be paid each month to keep your account current and avoid collection activities. However, certain charges **MUST** be paid to avoid disconnection. Please refer to the Service Charges section of the bill for the amount required to pay to avoid disconnection.

Payments

Please use the remittance stub and write the amount you are paying in the 'Amount Enclosed'. Please include your account number on your check.

Payment Terms

Your payment is due when you receive your bill. Payments must be received and processed no later than 17 days from the invoice date on your remittance stub. If we do not receive your payment by the Due Date, your account becomes past due. Payments received following the Due Date may not appear on your next invoice. Issuance of payments by Astro Telecommunications for credit balances or overpayments on inactive accounts is subject to a \$20.00 processing fee.

Late Payment Charges

If we receive your payment after the Due Date printed on your remittance stub, we will assess you a late payment charge of 1.5%, calculated monthly, on your past due balance.

Past Due Accounts

If any portion of your bill become past due, you may be subject to collection action and your service may be disconnected. If we disconnect your service for non-payment, you must pay the Past Due amount and a charge to reconnect your service. You may also be required to pay a deposit.

Questions about your bill

If you have any questions about your bill, or wish to file a Dispute Claim, you may call our Customer Service department @ 833-462-7876, write to us, or e-mail us at customer@astrotelco.com. For all written or e-mailed Dispute Claims, please include your name, account number, details of your dispute, and the amount of any charges you are questioning. We will investigate and notify you of the results.

Universal Service Fee

Every quarter the FCC updates the Universal Service Fee. The fee supports telecommunications needs of low-income households, consumers living in high cost areas, Schools, libraries, and rural hospitals. Your current bill reflects this charge.

Partial Month Charges

Partial month charges will occur if services are either added or removed during a billing cycle prior to the bill date. Services Billed in Advance are prorated when they are added or removed during a billing cycle prior to the bill date. The actual amount prorated is determined by the number of days the services were used for current billing cycle.

Billed in Advance

Many recurring charges are billed one month in advance, such as charges for Custom Calling Features, Calling Plans, Local Calling Services, and Emergency 911.

Billed in Arrears

Some charges, including actual usage charges, are billed in arrears. Examples of these charges include local usage and pay per use.

Taxes

Taxes may apply to many of the charges for products and services included in your bill. Note: The specific taxes vary by state and locality.

Surcharges and Other Fees

These are charges authorized by law (other than taxes) and may include state-specific surcharges or regulatory fees, a Federal Subscriber Line Charge, and a Federal Universal Service Fee, among others.

Contact Us

For Customer Service you may call us at 833-GO-ASTRO (833-462-7876), email customer@astrotelco.com or write us at 2501 N Harwood, 20th Floor, Suite 2001, Dallas, TX 75201
