**Past Due Balance 0.00**

### New Charges

New Usage Charges 0.00  
Monthly Service Charges 0.00

**Total New Charges \$0.00**

**Total Amount Due \$0.00**

## SIP Trunking - Solution Applications & Benefits

- Reduce monthly telephony & Internet costs by using a single connection for both.
- Lower usage-related costs with competitive domestic, toll-free & international calling, plus free intra-company calls for multi-location businesses
- Eliminate the need for Primary Rate Interface (PRI) connections
- Maximize flexibility & efficiency by purchasing incremental capacity as needed, as opposed to adding a full T1 or paying a premium for fractional T1s
- Further reduce long distance charges in an IP PBX environment by outsourcing PSTN connectivity
- Service is available anywhere a customer uses an Internet connection
- Establish local telephone numbers from almost any wire center
- Begin leveraging the functional advantages of VoIP without discarding existing investments in a traditional phone system by utilizing Integrated Access Devices
- Experience improved voice quality over traditional analog lines
