RE: Wholesale Water/Sewer Rate Increase
Seller: Bowling Green Municipal Utilities
Purchaser: Warren County Water District

Dear Ms. Bridwell:

Please find the enclosed for filing documents related to a proposed wholesale water and sewer rate increase by Bowling Green Municipal Utilities to its wholesale customer Warren County Water District. After meeting with Warren County Water District's General Manager and the Joint Committee, the District's Board voted to approve the increase. Bowling Green Municipal Utilities worked in good faith with the District reviewing the cost-of-service study and negotiated the rates attached per 1000-gallon rate. The increase will be effective on September 1, 2026. The new rates were determined by cost-of-service calculations performed by HDR, Inc. The enclosed document reflects the new rate schedule.

The following documents relating to the Bowling Green Municipal Utilities wholesale rate increase are enclosed for filing:

1. Revised Tariff Sheet
2. Customer Notice
3. Email to WCWD from BGMU of Wholesale Customer Notice
4. COSS Report performed by HDR, Inc.
5. BGMU Audit Report for FYE 6-30-25
6. BGMU-WCWD Joint Engineering Planning & Finance Committee Letter

Thank you for your assistance with this matter.

Sincerely:

Mark Iverson, General Manager
Bowling Green Municipal Utilities
