2. WATER SERVICE FACILITIES

- 2.1. Bluegrass Water serves each customer by a connection between its facilities and the customer’s facilities. This service connection is owned and maintained by Bluegrass Water, and includes the shutoff valve and all necessary appurtenances. All service connections must have a shutoff valve on the customer’s side of the connection. Any such service connection is to be located at the customer’s premises property line; if the property line is under a street or road, then the shutoff valve and other necessary appurtenances may be located at or near the edge of the street abutting the customer’s property.
- 2.2. The service line is a pipeline with other necessary appurtenances used to conduct water from the service connection to the dwelling or other unit where the water services will be consumed. All costs associated with the service line and with leaks, repairs, or maintenance on the service line will be the responsibility of the customer.
- 2.3. All service lines must be installed underground, below the frost line. A service line must not be laid in the same trench with a sewer pipe.
- 2.4. A non-recurring charge will be assessed for a new service connection, in an amount set forth in the applicable tariff sheet for the classification of service. This charge is assessed only when a new service connection is made to Bluegrass Water’s facilities, and not assessed if there is a current, operable service connection. (T)
- 2.5. All new facilities must comply with these rules and regulations. Customer service lines or other facilities owned and maintained by a customer that are in existence and use as of the September 2020 effective date of this tariff, but not in compliance with these rules and regulations, may remain in place only if the non-compliance does not constitute a misuse of water service, interfere with service to other customers, or present a safety/health hazard or risk. Any such existing customer facilities must be brought into compliance as a condition to re-connection after a discontinuance of service.
- 2.6. The customer must not tamper, interfere, or permit tampering or interference with Bluegrass Water pipes and other service facilities.

4. CUSTOMER BILLING and PAYMENT

- 4.1. The customer is responsible for prompt payment of all charges for service.
- 4.2. A customer who wishes to transfer responsibility for service and other charges associated with a particular address (for example, upon transferring ownership of the property) must make arrangements to have the new customer accept responsibility for the service and to have the service put into the new customer's name. The customer is responsible for notifying Bluegrass Water of any change in the customer's billing address or other contact information.
- 4.3. Bluegrass Water bills each customer the first week of each calendar month for the prior calendar month's service.
- 4.4. If payment in full of the bill has not been received by the last day of the calendar month in which the bill was sent, (a) a delinquency notice will be sent to the customer billing address informing the customer that service will be discontinued and the date on which service will be discontinued and (b) a late payment penalty will be assessed in the amount or at the rate set forth in the applicable tariff sheet for the classification of service.
- 4.5. To avoid discontinuance of service, the bill and any late payment penalty must be paid by the discontinuance date specified on the notice. (T)
