RATES, TERMS AND CONDITIONS – SECTION 1

STANDARD RATE – PA – Pole Attachments

[N]

Applicable:

For all poles owned or controlled by Big Rivers.

Availability:

To cable television system operators, telecommunications carriers, broadband internet providers, and governmental units that proceed in compliance with this rate schedule. No attachment(s) shall be made to Big Rivers' Poles unless and until Big Rivers has approved such attachment(s) following receipt of an appropriate application and an acknowledgement of the applicability of this rate schedule. Parties with joint use agreements with Big Rivers are excluded from this rate schedule. Nothing in this rate schedule is intended to expand the right to attach to Big Rivers' Poles beyond those rights otherwise conveyed by law. Big Rivers reserves the right, on a non-discriminatory basis, to deny access to and exclude from use any of its Poles where there is insufficient capacity or for reasons of safety, reliability, or generally applicable engineering purposes.

Regulation:

This rate schedule includes Big Rivers' rates, terms, and conditions governing attachments to Big Rivers' Poles. It is intended to be, and should be interpreted, consistent with the requirements of 807 KAR 5:015 (the "Pole Attachment Regulation") and KRS Chapter 278. Terms not defined herein shall have the meaning prescribed in the Pole Attachment Regulation.

Term:

This rate schedule shall take effect at 12:01 AM CPT on the effective date of this tariff.

RATES, TERMS AND CONDITIONS – SECTION 1

STANDARD RATE – PA – Pole Attachments – (continued)

[N]

Definitions:

Please see Section 4 for definitions common to all tariffs.

Definitions specific to this rate schedule are:

“Actual Inventory” is a complete count of all Attachments on Poles to which the Licensee is attached.

“Approved Contractor” is a contractor appropriately qualified by Big Rivers to provide self-help surveys or Make Ready services.

“Attached Pole” is a pole for which shared use is established or continued pursuant to the terms of this tariff.

“Attachment” is any Licensee cable, wire, strand, circuit, service drop, permitted over-lashing, appurtenance, equipment, pedestal or apparatus of any type attached to Big Rivers’ Pole.

“Communication Space” is the lower usable portion on Poles typically reserved for low-voltage communications equipment and designated for the installation of Licensee facilities, the top of which is separated from the Supply Space by the Communication Worker Safety Zone.

“Communication Worker Safety Zone” is the space on a Pole below the supply space, above the Communication Space. The amount of space of the Communication Worker Safety Zone is defined by the NESC.

“Complex Make-ready” means any Make-ready that is not Simple Make-ready, such as the replacement of a Pole; splicing of any Attachment or relocation of existing Wireless Facilities, even within the Communications Space; and any Transfers or work relating to the attachment of Wireless Facilities

[N]

Definitions: - (continued)_

Definitions specific to this rate schedule are (continued):

“Cost in Place” is the cost of a bare Pole, labor to install the Pole and associated overheads, including engineering.

“High Volume Orders” are requests which seek to attach to no more than one and five-tenths percent (1.5%) of Big Rivers’ Poles in Kentucky or to no more than 1,000 Poles, whichever is less, and are not Lesser Volume Orders. Big Rivers may treat multiple requests from a single applicant as one request if the requests are submitted within thirty (30) days of one another.

“Licensee” means a cable television system operator, telecommunications carrier, broadband internet provider, or governmental unit seeking to attach or having attached new or upgraded facilities to a Pole.

“Lesser Volume Orders” are requests which seek to attach to no more than five-tenths percent (0.5%) of Big Rivers’ poles in Kentucky or to no more than 300 Poles, whichever is less. Big Rivers may treat multiple requests from a single applicant as one request if the requests are submitted within thirty (30) days of one another.

“Make-ready” is all work necessary or appropriate to make space for or otherwise accommodate new or changed Attachments, including, if necessary or appropriate, Rearrangements, removal and replacement of the pole, Transfers and other work incident thereto.

STANDARD RATE – PA – Pole Attachments – (continued)

[N]

Definitions: - (continued)_

Definitions specific to this rate schedule are (continued):

“Make-ready Costs” are all costs necessary for Big Rivers to prepare its Poles for Licensee's Attachments, including the costs of materials, labor, engineering, applicable overhead charges and administrative costs. Included among Make-ready Costs are the costs of installing or changing out Poles, cost of installation and/or removal of guys, anchors, stub poles, materials and equipment, temporary construction and all other construction in accordance with applicable requirements. Make-ready Costs shall include costs needed to correct preexisting violations of applicable standards caused by Licensee; however, Make-ready Costs shall not include costs to bring poles, attachments, or third-party or utility equipment into compliance with current published safety, reliability, and pole-owner construction standards if the poles, attachments, or third-party or utility equipment were out of compliance because of work performed by a party other than the Licensee prior to the new attachment.

“Outside Party” is any person or entity other than Big Rivers or Licensee that is also attached to Big Rivers’ Poles consistent with law and this rate schedule.

“Overlashing” means to place an additional wire or cable communications facility onto an existing Attachment or messenger already secure to the pole in order to accommodate additional wire or cable communications facility capacity. An Overlash does not include a mid-span installation.

“Permit” means authorization from Big Rivers to the Licensee to attach an Attachment pursuant to this rate schedule.

“Pole” means any pole owned or controlled by Big Rivers, excluding any pole that is used primarily to support outdoor lighting.

“Rearrange” or “Rearrangement” is the moving of Attachments from one position to another on a Pole.

RATES, TERMS AND CONDITIONS – SECTION 1

STANDARD RATE – PA – Pole Attachments – (continued)

[N]

Definitions: - (continued)

Definitions specific to this rate schedule are (continued):

“Service Drop” means a wire or line used to connect services to a single customer, building or location by means of any attachment to a Pole. A Service Drop shall run directly from a Pole to a specific customer, without the use of any other poles.

“Simple Make-ready” is Make-ready in which existing Attachments in the Communications Space of a Pole could be rearranged without any reasonable expectation of a service outage or facility damage and does not require splicing of any existing attachment or relocation of an existing Wireless Facility. Simple Make-ready does not include replacement of a Pole.

“Space” is the linear portion of a pole parallel to its axis reserved for the exclusive use of one of the parties (subject only to the exceptions provided for in this Schedule).

“Standard Pole” is a pole which is tall enough to provide Supply Space, a Communication Worker Safety Zone and Communication Space, as herein defined, for Big Rivers and all Attachments and strong enough to meet the requirements of the specifications mentioned in Section 1 – Attachments to Poles for the Big Rivers facilities and Attachments ordinarily placed by the parties in their respective spaces.

“Supply Space” is the following described space:

1. For Big Rivers, the uppermost six and a half (6 ½) feet measured from top of pole on thirty-five (35)-foot poles and the uppermost nine (9) feet measured from top of pole on forty (40)-foot poles. For all additional size poles, the Supply Space shall be specified by Big Rivers upon request.

RATES, TERMS AND CONDITIONS – SECTION 1

STANDARD RATE – PA – Pole Attachments – (continued)

[N]

Definitions: - (continued)_

Definitions specific to this rate schedule are (continued):

2. For Licensee, a Communication Space of One (1) foot on both thirty-five (35)-foot and forty (40)-foot poles below the Communication Worker Safety Zone. The Supply Space shall provide at all times the minimum clearance required by the specifications mentioned in Section 1- Attachments to Poles and at a sufficient height above ground to provide the proper vertical clearance above ground or track rails for the lowest horizontally run line wires or cables attached in such space. Licensee will make its initial Attachments at the lowest possible point within the Communication Space that provides such ground clearance and provides one foot of separation from the nearest attachment.
3. In the event Big Rivers installs a pole larger than the Standard Pole solely in anticipation of its future requirements or additions, the Supply Space for Big Rivers, as defined above, for that pole shall be increased to include the additional above ground space provided by Big Rivers. For avoidance of doubt, in any case Licensee shall be responsible for attaching at a height to provide the minimum ground clearance required by the specifications mentioned in Section 1 – Attachments to Poles.

“Transfer” is the removal of Attachments from one Pole and the placement of them or substantially identical Attachments upon another Pole.

“Wireless Facilities” are telecommunications or data transmission devices in which electromagnetic waves (rather than some form of wire or fiber) carry the signal over part or all of the communication path. Wireless Facilities include but are not limited to, antennas, distributed antenna systems, wireless transmitters, wireless gateways, mini-cells, wireless loops, wireless networks or devices transmitting in millimeter wavelength spectrum.

- Appendix E – Fees and Charges; and
- Appendix F – Bill Format.

Additional Terms and Conditions:

Section 1 – Attachments to Poles –

At its own expense, Licensee shall erect, install, and maintain its Attachments in safe condition and good repair in accordance with all applicable administrative and technical requirements and specifications, as described herein. Licensee's use of the Poles shall at all times be in conformity with all applicable: (1) accepted published modern methods; (2) requirements and specifications of the NESC, NEC, OSH Act, and RUS; (3) lawful requirements of public authorities; and (4) the non-discriminatory, reasonable requirements of Big Rivers, including those set forth in Appendix B – Specifications for Attachments (as each may be amended from time to time). The requirements of the NESC, NEC, OSH Act, and RUS are minimum requirements and reasonable, additional requirements may be required, as determined by Big Rivers in its discretion. To the extent any requirements or specifications may conflict, the most stringent of them shall apply.

Section 1 – Attachments to Poles – (continued)

Big Rivers reserves the right to amend Appendix B – Specifications for Attachments from time to time, in response to changing conditions in the local market, technological advances, business requirements, policy initiatives, or changes in federal, state, or local law. Any amendment to the Appendix B – Specifications for Attachments ("Amendment") shall apply prospectively only, except to the extent required by federal, state, or local law. Existing, permitted Attachments that become non-compliant based upon an Amendment shall be grandfathered and exempted from the requirements of the Amendment unless otherwise specified or required by law, and only until such time as the Attachment is modified, moved, upgraded, repaired, replaced, or overlashed, at which point Licensee shall bring the Attachment into full compliance with the specifications of Appendix B – Specifications for Attachments then in effect.

Each Licensee shall place, Transfer and Rearrange its own Attachments, and shall place guys and anchors to maintain all loads caused by its Attachments. Any guying or anchoring required to accommodate the Attachments of the Licensee shall be provided by and at the full expense of the Licensee and to the reasonable satisfaction of Big Rivers. Anchors and guys shall be in place and in effect prior to the installation of Attachments. Each applicant/Licensee shall, with due diligence, attempt at all times to execute work promptly and in such manner as not to interfere with the service of Big Rivers or an Outside Party.

Licensee shall exercise precautions to avoid damage to facilities of Big Rivers and Outside Parties, and Licensee assumes responsibility for any and all loss or damage caused by Licensee's actions or failures to act, including those of its employees, agents, contractors, and subcontractors. Licensee shall make an immediate report to Big Rivers upon Licensee's discovery of any loss or damage to facilities and, in addition to such other obligations as Licensee may have, hereby agrees to reimburse Big Rivers for the reasonable costs and expenses incurred by Big Rivers in addressing damage caused by Licensee.

Section 1 – Attachments to Poles – (continued)

To further the goals of communication and cooperation with Licensee and Outside Parties, the Big Rivers may conduct information meetings annually or more frequently as appropriate either online or in person. Licensee will make every effort to attend and participate.

Section 2 – Establishing Attachments to Poles –

Application

Before any person or entity shall make use of any Pole, such person or entity shall comply with the requirements set forth herein, including the submission in writing of the complete information required under Appendix A – Application / Request to Attach in the method and form reasonably required by Big Rivers (the "Application"), and receive written authorization from Big Rivers authorizing the specific use requested. Failure to request and receive Big Rivers' authorization as described herein will result in Unauthorized Attachments (as defined herein), which are subject to additional costs and other recourse available to Big Rivers.

1. No application or payment is required for a Service Drop originating from a Pole and utilizing Communication Space already approved for use by a Licensee. Service Drops shall conform to Appendix B. The placement of one or more non-guyed Service Drops shall not create additional Communication Space.
2. A party, without following the procedures outlined herein, may utilize vertical unused space below its specifically-authorized space for terminals, risers or other reasonable vertical Attachments if the existing use of the Pole is authorized, such use does not interfere with any Outside Party's operations, and such use complies with the terms of this Schedule.

Section 2 – Establishing Attachments to Poles – (continued)

3. If a person or entity expects to submit an Application (or series of Applications) seeking to attach to more than five-tenths percent (0.5%) of Big Rivers' Poles in Kentucky (or to more than 300 Poles, whichever is less), then as soon as reasonably practicable (and in no event less than sixty (60) days before submission of such Application(s)), the person or entity shall provide written notification to Big Rivers describing the details of the expected Application, including location and number of Poles to be impacted, relevant timelines, expected Make-ready, and similar information.
4. For attachments involving only Simple Make-ready, an applicant may elect to proceed with the one-touch Make-ready ("OTMR") process described in Section 2 – Establishing Attachments to Poles - Procedure (OTMR), below. An applicant shall elect the OTMR process in writing in its Application and shall identify the Simple Make-ready that it will perform. It is the responsibility of the applicant to ensure it or its contractor accurately determines if the relevant Make-ready is Simple Make-ready or Complex Make-ready. Applications not electing the OTMR process shall proceed and be processed pursuant to Section 2 – Establishing Attachments to Poles - Procedure, below.

Procedure

1. Review for Completeness:

- i. Big Rivers will review each Application for completeness before reviewing it on its merits. An Application is considered complete only if it provides Big Rivers the information necessary under this rate schedule and Appendix A – Application / Request to Attach to make an informed decision on the Application. Big Rivers may bill applicant for all costs and expenses incurred for pole surveys arising from Application. Big Rivers may treat multiple requests from a single applicant as one request if the requests are submitted within thirty (30) days of one another.
- ii. An Application will be considered complete unless, within ten (10) business days after Big Rivers' receipt of same, Big Rivers notifies the applicant that the Application is incomplete and specifies all reason(s) for so finding.

2. Survey:

- i. Following its receipt of a complete Application, Big Rivers will conduct a survey of the relevant Poles to determine if the proposed attachment(s) may be made and to identify any Make-ready to be completed to allow for the proposed attachment(s).
- ii. Except as otherwise provided herein, the following timeframes apply:
 - a. With respect to Lesser Volume Orders, Big Rivers will complete the survey and either grant or deny the applicant access within forty-five (45) days of receipt of a complete Application.

If requested by Big Rivers, Licensee shall submit satisfactory evidence of its rights to place its attachments upon a property. Licensee shall indemnify, defend, and hold harmless Big Rivers from any and all claims, damages, or other losses arising out of Licensee's failure to obtain a necessary right-of-way, easement, license, franchise, or permit. If at any time after Licensee has attached its Attachment to Big Rivers' Poles, Big Rivers is informed or has reason to believe that such Attachment is not authorized by any governmental authority or private property owner, then Licensee shall remove its Attachment from any of Big Rivers' Poles immediately after receiving notice from Big Rivers of such circumstance and the Permit covering such Poles shall automatically terminate, provided, however, if Licensee is in the process of disputing such lack of authority, and has received permission to remain on the Pole pending the outcome of the dispute, Licensee may maintain its Attachment if it provides proof of the permission and indemnifies Big Rivers with respect to any losses incurred related to the Attachment.

Right-of-way clearing necessary for the operation of the Big Rivers' transmission system shall be performed by Big Rivers as it determines in the exercise of its sole judgment and discretion. Any right-of-way clearing necessary or requested for the installation or maintenance of Licensee's Attachment(s) will be the financial and operational responsibility solely of the Licensee, and Licensee must obtain Big Rivers' permission prior to conducting any such clearing activity near Big Rivers' Poles or other facilities. In the event that right-of-way work is required due to a fallen tree or similar situation whereby the condition of Licensee's cable and/or facilities are creating undue strain on the facilities of Big Rivers or an Outside Party, Licensee agrees to remedy the situation as soon as possible at its own expense. If Licensee is not willing or able to remedy the situation within

Section 4 – Maintenance of Poles and Attachments; Contractors –

Licensee shall, at all times and at its sole expense, make and maintain all of its Attachments in accordance with the specifications mentioned in Section 1 – Attachments to Poles and shall keep them in safe condition and in thorough repair. Any guying or anchoring required to accommodate the Attachments of the Licensee shall be provided by and at the full expense of the Licensee and to the reasonable satisfaction of Big Rivers.

Licensee shall require all of its employees, agents, contractors, and subcontractors that install, transfer, remove, relocate, maintain or otherwise work on or near the Attachments to be appropriately qualified and trained to work on and in the vicinity of an electric transmission system, including but not limited to the Poles.

Contractors (Complex)

Big Rivers shall make available and keep up-to-date a list of contractors Big Rivers has authorized to perform self-help surveys and Complex Make-ready. In accordance with the Pole Attachment Regulation, Licensee must use Big Rivers or a contractor from Big Rivers' list to perform self-help work that is Complex or above the Communications Space. A Licensee may request (and Big Rivers may not unreasonably deny) the addition to the list of any contractor that meets the following minimum qualifications:

- i. The contractor has agreed to follow published safety and operational guidelines of Big Rivers;

Licensee may at any time terminate any right to attach an Attachment to any Pole by removing its Attachment from such pole and notifying Big Rivers of such removal. Such notice shall fully identify, by pole number and location, the Pole(s) from which such Attachments are being removed; absent such notice, Licensee shall continue to be responsible for rental payments. The Permit covering such Pole shall terminate upon receipt of such notice by Big Rivers. No refund of any pole rental rate or other charge will be due on account of such removal. Big Rivers may, in addition to seeking any other remedy available to it, suspend Licensee's rights under this rate schedule (including access to Big Rivers' Poles) or terminate the Contract or any Permit issued under this rate schedule if Licensee fails to comply with any of the provisions of this rate schedule and fails within thirty (30) days (or such longer, mutually-agreeable period if a thirty (30) day cure period is not reasonably possible) after written notice from Big Rivers to correct such noncompliance. In the event a governmental entity at any time requires Big Rivers to remove one or more of its Poles, any Permit issued to Licensee for such Pole(s) shall automatically terminate, in which event Big Rivers shall refund to Licensee any unearned rental payments made pursuant to this rate schedule. Except as otherwise provided in this rate schedule, the Licensee shall have sixty (60) days within which to remove its Attachments from Big Rivers' Pole(s) upon termination of a Permit issued under this rate schedule. If the Licensee fails to remove its Attachments from Big Rivers' Pole(s), Big Rivers shall have the right (but not the obligation) to remove the Licensee's Attachments, without notice or liability of any kind to the Licensee, in which event the Licensee shall reimburse Big Rivers upon demand for the cost Big Rivers incurred in making such removal. Attachments of Licensee which remain after the sixty (60) day period following termination may also be assessed pole rental rates at the rates applicable to Unauthorized Attachments, until such time as such Attachments are removed and notice given thereof. The Licensee shall indemnify and hold Big Rivers harmless from and against all loss, liability, or expense resulting such removal, including but not limited to claims of third parties.

In order to obtain service under this rate schedule, Licensee shall:

- i. be a legal entity duly organized, validly existing and in good standing under the laws of the jurisdiction in which it was formed;
- ii. enjoy full authority to enter into and perform its obligations pursuant to this rate schedule, recognizing it is a party bound by this rate schedule, which is fully enforceable in accordance with its terms; *and*
- iii. confirm its execution and delivery of its obligations under this rate schedule will not conflict with or violate or constitute a breach or default under its formation documents and will not violate any law, rule or regulation applicable to it.

Licensee shall comply with all federal, state, and local rules and ordinances. Licensee shall comply with all technical requirements and specifications applicable to Licensee's affixation of Attachments to Big Rivers' Poles as authorized herein. Licensee shall comply with Big Rivers' practices and rules including requirements for installing, transferring, relocating, removing or maintaining Attachments. Licensee shall take all steps necessary to protect persons and property against injury or damage that may result from the presence, installation, use, maintenance or operation of Licensee's Attachments, and Licensee shall take all steps necessary to avoid any interference with Big Rivers' safe and efficient operation of its electric transmission system, including but not limited to its Poles, and the rights of Outside Parties.

THERE ARE NO WARRANTIES UNDER THIS RATE SCHEDULE EXCEPT TO THE EXTENT EXPRESSLY AND UNAMBIGUOUSLY SET FORTH HEREIN. - v. Property Insurance. Licensee will be responsible for maintaining property insurance on its own facilities, buildings, and other improvements, including all equipment, fixtures, and structures, fencing, or support systems that may be placed on, within, or around facilities to protect fully against hazards of fire, vandalism and malicious mischief, and such other perils as are covered by policies of insurance commonly referred to and known as extended coverage insurance or self-insure for such exposures.
- vi. Performance Bond. Prior to making any Attachments under this rate schedule, Licensee shall provide to Big Rivers a performance bond in an amount corresponding with the requirements of Appendix D – Performance Bond. The bond shall be executed with a proper surety through a company licensed and qualified to operate in the Commonwealth of Kentucky and listed with the United States Department of the Treasury as published in the Federal Register. In addition, the bond shall not be for an amount greater than the surety's approved limit as referenced in the current Federal Register and shall be accompanied by a certified power-of-attorney document, all still subject to the final approval of Big Rivers. The purpose of the bond is to ensure Licensee's performance of all of its obligations under this rate schedule and for the payment by the Licensee of any damages, claims, liens, taxes, liquidated damages, penalties, or fees due to Big Rivers which arise by reason of the construction, installation, operation, maintenance, transfer, relocation, or removal of Licensee's Attachments or other facilities on or about Big Rivers' Poles. This shall include claims for damages to Big Rivers' facilities caused by Licensee, or its contractors and agents. Big Rivers shall have the right to draw funds from the bond to recover damages to Big Rivers' facilities caused by Licensee, its contractors, or agents. Provision shall be made to permit Big Rivers to draw against the bond. Licensee shall not use such bond for other purposes and shall not assign, pledge or otherwise use the bond as security for any other purpose.

Qualification; Priority; Contractors' Coverage

The insurer must be authorized to do business under the laws of the Commonwealth of Kentucky and have an "A" or better rating in Best's Guide. Such insurance will be primary. All contractors and all of their subcontractors who perform work on behalf of Licensee shall carry in full force and effect, workers' compensation and employers' liability, comprehensive general liability, and automobile liability insurance coverages of the type that Licensee is required to obtain under this Section 19 with the same limits.

Certificate of Insurance; Other Requirements

Prior to making any Attachments under this rate schedule and prior to each insurance policy expiration date during the term of this rate schedule, the Licensee will furnish Big Rivers with a certificate of insurance ("Certificate") and, upon request, certified copies of the required insurance policies. The Certificate shall reference this rate schedule and property insurance waivers of subrogation required by this rate schedule. Big Rivers shall be given thirty (30) calendar days advance notice of cancellation or nonrenewal of insurance during the term of this rate schedule. Big Rivers, its board members, officers, officials, employees and representatives (collectively, "Additional Insureds") shall be named as Additional Insureds under all of the policies, except workers' compensation, which shall be so stated on the Certificate. All policies, other than workers' compensation, shall be written on an occurrence and not on a claims-made basis. All policies may be written with deductibles, not to exceed \$100,000, or such greater amount as expressly allowed in writing by Big Rivers. Licensee shall defend, indemnify and hold harmless Big Rivers and Additional Insureds from and against payment of any deductible and payment of any premium on any policy required under this Section 19. Licensee shall obtain Certificates from its agents, contractors, and their subcontractors and provide a copy of such Certificates to Big Rivers upon request.

Limits

The limits of liability set out in this Section 19 may be increased or decreased by mutual consent of the parties, which consent will not be unreasonably withheld by either party, in the event of any factors or occurrences, including substantial increases in the level of jury verdicts or judgments or the passage of state, federal, or other governmental compensation plans, or laws that would materially increase or decrease Big Rivers' or Licensee's exposure to risk.

Prohibited Exclusions

No policies of insurance required to be obtained by Licensee or its contractors or subcontractors shall contain provisions that:

- i. exclude coverage of liability assumed by this rate schedule with Big Rivers except as to infringement of patents or copyrights or for libel and slander in program material;
- ii. exclude coverage of liability arising from excavating, collapse, or underground work;
- iii. exclude coverage for injuries to Big Rivers' employees or agents; *or*
- iv. exclude coverage of liability for injuries or damages caused by Licensee's contractors or the contractors' employees, or agents.

This list of prohibited provisions shall not be interpreted as exclusive.

Appendix B – Specifications for Attachments

Licensee, when making Attachments to Big Rivers' Poles, will adhere to the following engineering and construction practices.

- i. All Attachments shall be made in accordance with Section 1 – Attachments to Poles.
- ii. Clearances.
 - a. Attachment and Cable Clearances: Licensee's Attachments on Big Rivers' Poles, including metal attachment clamps and bolts, metal cross-arm supports, bolts and other equipment, must be attached so as to maintain the minimum separation specified in the most updated version of the NESC.
 - b. Service Drop Clearance: From the pole to the home/building the parallel minimum separation between Big Rivers' service drops and Licensee's service drops shall conform to the NESC.
 - c. Other Drop Clearances: All other drop clearances at the mid-span must conform to the NESC.
 - d. Sag and Mid-Span Clearances: Licensee will be particularly careful to leave proper sag in its lines and cables and shall observe the established sag of power line conductors and other cables so that minimum clearances are: (a) achieved at poles located on both ends of the span; and (b) retained throughout the span. At mid-span, the minimum separation must be maintained between all telecommunication cables that meet NESC rules (includes common phone, CATV, and fiber optic cables lashed to an effectively grounded messenger strand or self-supporting cables).

- e. Vertical Risers: All risers, including those providing 120/240 volt powers for Licensee's equipment enclosure, shall be placed on the quarter faces of the pole and must be installed in conduit with weatherhead (if possible). A two (2) inch clearance in any direction from cable, bolts, clamps, metal supports, and other equipment shall be maintained.
 - f. Climbing Space: A clear climbing space must be maintained at all times on the face of the pole. All Attachments must be placed so as to allow and maintain a clear and proper climbing space on the face of Big Rivers' pole. Licensee's cable/wire Attachments shall be placed on the same side of the pole as those of other Attaching Entities. In general, all other Attachments and risers should be placed on pole quarter faces.
 - g. Pedestals and Enclosures: Every effort should be made to install pedestals, vaults and/or enclosures at a minimum of four (4) feet from poles or other Big Rivers facilities, or the distance specified by Big Rivers, whichever is greater.
- iii. Anchors and Guys.
- a. Licensee shall be responsible for procuring and installing all anchors and guy wires to support the additional stress placed on Big Rivers' poles by Licensee's Attachments. Anchors must be guyed adequately.
 - b. Anchors and guy wires must be installed on each Big Rivers pole where an angle or a dead-end occurs. Licensee shall make guy attachments to poles at or below its cable attachment. Per RUS requirements, no proposed anchor can be within five (5) feet of an existing anchor.
 - c. Licensee may not attach guy wires to the anchors of Big Rivers or third-party user without the anchor owner's specific prior written consent.

- d. No Attachment may be installed on a Big Rivers pole until all required guys and anchors are installed. No Attachment may be modified, added to, or relocated in such a way as will materially increase the stress or loading on Big Rivers' poles until all required guys and anchors are installed.
 - e. Licensee's down guys, if needed, shall be bonded, to the vertical ground wires of Big Rivers' pole, in accordance with applicable NESC rules. If there is no vertical ground present at the pole, Licensee shall notify Big Rivers and a ground will be added to the pole at Big Rivers' expense for Licensee to bond to.
- iv. Certification of Licensee's Design.
- a. Licensee's Attachment Permit application must be signed and sealed by a professional engineer, registered in the Commonwealth of Kentucky, certifying that Licensee's aerial cable design fully complies with the NESC and Big Rivers' Construction Standards and any other applicable federal, state or local codes and/or requirements, or Licensee will pay Big Rivers for actual costs for necessary engineering and post-construction inspection and to ensure Licensee's design fully complies with the NESC and Big Rivers' Construction Standards and any other applicable federal, state or local codes and/or requirements.
 - b. This certification shall include the confirmation that the design is in accordance with pole strength requirements of the NESC, taking into account the effects of Big Rivers' facilities and other Attaching Entities' facilities that exist on the poles without regard to the condition of the existing facilities.
